Positive test percentage: 8.1%

*The CRCHD case data is through Friday, October 23.

Updates for the week of Oct. 26:
- Like much of Wisconsin, Racine County remains in the "very high" risk category and continues to see a surge in COVID-19 cases. It is essential that Racine County residents do their part to prevent further disease transmission, including staying home unless necessary, wearing a face covering in public, and maintaining social distancing.
- The time of the COVID-19 testing clinic held on Tuesdays and Wednesdays at the Central Racine County Health Department has been slightly adjusted. The clinic will now be held from 10 a.m. to 5 p.m. Tuesdays and Wednesdays through Dec. 9 (no clinic on Veterans Day, Nov. 11).
- See an updated flyer on local Wisconsin National Guard testing sites here, which also includes information about a COVID-19 testing clinic in Walworth County.
- Pre-registration for National Guard testing sites is strongly recommended. You can do so by visiting register.covidconnect.wi.gov.
- According to the state Department of Health Services, Wisconsin passed 200,000 cases today, just 36 days after passing 100,000 cases.
